## Career Objective

As a passionate Software Developer fresher, I aim to utilize my technical skills in Java, MySQL, and web development to contribute to a dynamic team. I am enthusiastic to work in a collaborative environment where I can learn from experienced developers, improve my problem-solving abilities, and contribute to creating efficient and innovative software solutions.

---

## Education

### Bachelor of Computer Application (BCA)

*Siliguri College, North Bengal University*

2022 – Present | SGPA: 8.17 (up to 4th semester)

### Higher Secondary (WBCHSE)

*Balurghat Lalit Mohan Addarsha Uchcha Vidyalaya*

2022 | 91.80%

### Secondary (WBBSE)

*Balurghat Lalit Mohan Addarsha Uchcha Vidyalaya*

2020 | 70.71%

---

## Technical Skills

- **Programming Languages:** Java, C
  - **Web Development:** HTML, CSS, JavaScript
  - **Database:** MySQL
  - **Tools:** Visual Studio Code
  - **Concepts:** Object-Oriented Programming (OOP), Data Structures, Algorithms, JDBC
-

## Projects

- **Hospital Management System**

**Technologies Used:** Java, MySQL, JDBC

**Description:** Developed a system with structured modules for efficient hospital management, focusing on patient, doctor, and appointment management, supported by admin login functionalities.

**Modules:**

- **Patient Management:** Handles patient registration, information updates, and medical history tracking.
- **Doctor Management:** Manages doctor profiles, specialties, and availability.
- **Appointment Management:** Facilitates scheduling and managing patient appointments.
- **Admin Login:** Provides secure access for administrators to oversee and update system records.

- **Portfolio Website**

**Technologies Used:** HTML, CSS

**Description:** Created a responsive portfolio website showcasing skills, projects, education, and background.

- **Stone Paper Scissors Game**

**Technologies Used:** Java

**Description:** A console-based game allowing a user to play against the computer with randomized outcomes.

- **Tic Tac Toe Game**

**Technologies Used:** Java

**Description:** A simple two-player game on a 3x3 grid, with winning logic for horizontal, vertical, or diagonal alignments.

---

## Certifications

- **Diploma in Office Automation and Publishing (DOAP)**

*Rajib Gandhi Computer Saksharta Mission*  
2020-2021

- **Certificate on Two Days Machine Learning Workshop.**

*Siliguri Institute of Technology*  
2024

---
